Summary

I am willing to engage in economic research as a job for a lifetime. This requires me to study further at a prestigious university as a Ph.D. student to qualify myself for it.

Currently, my interests mainly lie in public economics and macroeconomics which I am willing to explore in both theoretical and empirical ways. To achieve the above goals, I am still actively acquiring the fundamental knowledge and skills.

Education

Duke University

Economics-AM (Department of Economics)

Durham, North Carolina, US

Aug.2026 - Expected May. 2028

Zhongnan University of Economics and Law

Bachelor of Economics (School of Public Finance and Taxation)

Wuhan, China

Sept. 2022 - June 2026

also ***Undergraduate Research Fellow*** (Since Oct. 2023)

Relevant Courses (including auditing at Wuhan University):

Advanced Microeconomics I II, Game Theory, Advanced Macroeconomics, Intermediate Econometrics
Macro Public Finance, Intermediate Public Economics, Economics of Taxation, Industrial Economics
Calculus, Probability Theory and Statistics, Linear Algebra, Real Variable Function, Functional Analysis
Mathematical Economics, Dynamic Optimization, Numerical Computing Method

RESEARCH INTEREST

Primary: Public Economics & Macro Public Finance

Secondary: Economic Theory, Industrial Organization, Political Economics

Working in Progress

- **Taxpayer Status and Monopoly Markup in Vertical Industrial Structure** (*Reported or Selected in Conferences at Peking University, SUFE, Shandong University, UCASS, Xiamen University*)
 - * This is a theoretical topic that focuses on optimal VAT(value-added-tax) system design and tax neutrality.
 - * Ideally, value-added tax is neutral, but in reality, many small companies do not have the qualifications to issue invoices, which can make VAT non neutral in this production network.
 - * The model is designed to address the issue of tax distortion between upstream and downstream enterprises in a vertical industrial structure, especially in monopolistic markets.
- **Follow the man you serve: Will the move up of your leader affect your political career?** (Proposal in process, with Yiyang Shao)
- **Personal Bankruptcy Law & Human Capital Safeguarding** (Proposal, with Prof.Zhao Rong,Dr.Junmin Liao)

Research Experience

1.Project Participant: (NO:GZC20233146)

the 2023 National Postdoctoral Researcher Program (C Level) Host: Dr. Xiaoxiao Wang

Dec. 2023- Jun.2026

Wuhan, China

- * Investigating vertical industrial structures, heterogeneous productivity, and VAT non-neutrality to inform the design of differential tax rates.

2.Research Assistant: (NO: 72503255)

the 2025 National Natural Science Foundation of China Host:Assist.Prof. Xiaoxiao Wang

Jan. 2024- Jun.2026

Wuhan, China

- * Assisted in “Optimizing Redistribution Policies under Dynamic Income Risks” (focus: gig economy, unemployment, financial frictions). Cleaned CFPS data via Stata, generated visual analytics on income/work-hours to differentiate employment types, and reviewed literature on Income Shifting and Economic Uncertainty.

3.Project Leader : National Level and Excellent Completion (NO:202410520008)

the 2024 National College Students Innovation Training Program

Dec. 2023 - May 2025

Wuhan, China

- * Led research on digital public fiscal reform; applied Staggered DID to evaluate its impact on government budget management. Conducted interviews with government officials to identify practical reform dilemmas.

4. Interviewer of Survey: (NO: 22ZDA031)

Dec. 2023 - Mar. 2024

Income Distribution and Common Prosperity Survey of Chinese Household (in Xi'an Area)

Xi'an, China

- * Visited 21 households in Xi'an to collect and encode socioeconomic data for the IIDPF's national "Common Prosperity" survey.

Seminars Participation

567 Seminars

2024 – 2026

Host: Prof. Kezhong Zhang et al.

Wuhan, China

- * Focusing on global public finance, tax policy, and development economics, this seminar holds approximately 40 sessions annually to read papers from **Top5** and field-top journals. I actively report, discuss, and comment on selected papers, and track cutting-edge references from these activities.

Public Economics Workshop

Nov. 2024 – 2026

Host: Assoc. Prof. Xufeng Zhao, Dr. Xiaoxiao Wang et al.

Online

- * This workshop delves into the theoretical foundations of public economics and mathematical modeling. We conduct in-depth readings of core literature and regularly present our working papers for detailed review and revision discussions to enhance research quality.

Classic Economic Literature Camp

Spring 2025

Host: Assoc. Prof. Weibo Yan, Assoc. Prof. Qing Liu et al.

Wuhan, China

- * Unlike the others tracking current research, this camp reviews foundational economic classics, including Hayek (1945), Diamond (1965), Becker & Toms (1979), Lucas (1988), and Saez (2001).

Academic Training

1. WHU-CES Global Summer School: *Advanced Economics and Finance*

2026 Summer

Taught by visiting professors at WHU

Wuhan, China

- * jointly organized by Economics and Management School of Wuhan University and Chinese Economist Society (CES)

2. Short-term Lecture: *Empirical Finance (Mphil-F500 in Cambridge)*

Dec. 8–12, 2025

Taught by Prof. Oliver Linton, Cambridge & ZUEL

Wuhan, China

3. Online Summer School: *2025 Macro, Money and Finance*

Jun. 3 – Jul. 7, 2025

Princeton Bendheim Center for Finance, Princeton University

Online

4. MIT OpenCourseWare: *Mathematics Real Analysis*

Dec. 2024 – Present

Taught by Dr. Casey Rodriguez, MIT

Online

- * Covers convergence, continuity, differentiability, Riemann integral, and uniformity. Strengthened proof-writing skills for advanced microeconomics.

5. Interactive Online Lecturing: *Big Data and Causal Inference Seminar*

Oct. 2023 – Jan. 2024

Tsinghua University, Laboratory of Computational Social Sciences

Online

- * Learned causal inference methods including Event Study, DID, Deep IV, Synthetic Control, and Machine Learning from young scholars.

6. Summer School: *Introduction to Python for Economic and Social Data Science*

Jul. 15–19, 2024

Taught by Dr. Charlie Rahal, Oxford & Jinhe Center, XJTU

Xi'an, China

- * Learned Python applications for social data science, including webscraping and statsmodels.

7. Summer School: *Economic Research Oriented Addressing the Real World*

Aug. 1–10, 2024

Young Economist Society & Shanghai University of International Business and Economics

Shanghai, China

- * Gained insights on causal inference, bunching analysis, and spatial econometrics; bridged economic theory with real-world applications.

8. Summer School: *Frontier Issues of Modern Economics*

Jul. 7–14, 2025

School of Economics, Shanghai University of Finance and Economics

Shanghai, China

- * Received lectures on macro, micro, and econometric frontiers for young scholars.

9. Summer School: *Quantitative Macroeconomics (EFG Forum)*

Jul. 27 – Aug. 1, 2025

Organized by EFG founders (Sun Yat-sen University, Yan LIU et al.)

Harbin, China

- * Focused on mainstream macro theories, quantitative methods, and cutting-edge content; supported by NSFC original project (No. 72450002).

Teaching

1. Teaching Assistant: Zhongnan University of Economics and Law

24 Fall- Present

The Undergraduate Courses

Wuhan, Hubei, China

25 Fall: **Economics of Taxation, Frontiers of Public Finance and Taxation Theory**

24 Fall: **Industrial Economics, National Budget Management**

2. Teaching Staff: Stata Training Camp

Nov. 2024

Zhongnan University of Economics and Law

Wuhan, Hubei, China

- As the co-instructor, I gave the lectures about the Introduction of Using Stata for those junior students in undergraduate or graduate.

Honors and Awards

The First Prize Scholarship & Excellent Undergraduate Student Honor (Oct.2025)

Comprehensive Recognition - Rising Star of Academic Research (April 2025)

China Undergraduate Mathematical Contest in Modeling(CUMCM) 2024, 2nd Price in Hubei Province (Nov.2024)

Research and Innovation Scholarship (Oct.2024)

University-level Individual Scholarship (Nov. 2023)

Chinese Mathematical Olympiad Competition in Senior, 2nd Price in Shaanxi Province (Sept. 2021 & 2020)

Extracurricular Activities

1. Student Research Center, Editor-in-Chief

Sept.2022- Present

School of Public and Taxation(ZUEL)

Wuhan, China

- Participated in daily academic research activities.
- Oversaw daily operations and facilitated academic projects.
- Created a group of undergraduates to learn how to do economics research.

2. Student Union Organization Department, Student Cadre

Sept.2022- Jun.2024

School of Public and Taxation(ZUEL)

Wuhan, China

- Responsible for organising student activities.
- Holding lectures for young members.

3. Volunteer Service Team, Main Member

Sept.2022- Jun.2023

Zhongnan University of Economics and Law

Wuhan, China

- Responsible for organizing the activity about volunteer tutoring for pupils.
- Volunteering in the community for olds and children.

Skills

- **Tools:** Stata, MATLAB, $\text{\LaTeX}$, R, Git, Python, ArcGIS
- **Languages Spoken:** Mandarin Chinese (native), English (fluent)
- **Sports:** Ping-Pong, Volleyball
